### **Mark Lane on Hinckley's Trail**

Lawyer-author Mark Lane, the ubiquitous calamity buff and conspiracy theorist, lost no time staking out his turf after last week's attempted assassination. Within 48 hours of the shootings, Lane turned up at the Chicago headquarters of the National Socialist Party of America and struck a deal: he says that in return for his legal advice, the Nazi group will provide him with access to all those who belonged to the party while John W. Hinckley Jr. was a member in 1978 and 1979. Lane wants the information for an article or a book on the connection between Hinckley and the U.S. Nazis. In writings and lectures, Lane has accused the CIA or the FBI of murdering John F. Kennedy, Dr. Martin Luther King Jr. and even the Rev. Jim Jones and the 912 other Jonestown victims.
